Create Your Project Folders Site

Manage your project documents online

Project Folders lets you store and share all of your project drawings and documents in a secure location.

- Host multiple projects under one site
- Add project members and permission levels to each one

Our Starter subscription provides you with 25MB of storage space at no cost.

Your Project Folders site will have a customized, unique URL. Please type the name of your site and a short description in the spaces below, and then click the "Create New Site" button.

Site Name: <http://folders.buzzsaw.com/client/>

e.g., yourcompanyname

Site names must begin with a letter and to 32 numbers or letters with no spaces characters (such as /, \, *, [, -, @, &, ?, other similar characters).

Description:

Type a one or two sentence description of your Project Folders site here (example, Project Files for ABC Engineering Projects). It will appear on your "Projects" page for future reference.

Create New Site

Please note: Your free Project Folders site will remain active as long as you continue to use it. If your site is inactive for 90 days or more, then Buzzsaw.com may terminate your site (after emailing a notice to you).
